Total			200	75.70
Penalty				0
Total with penalty				75.70
Total				37.85%

## Front-end Students KPI (*Key Performance Indicators*) Descriptions

### 1. **Tests & work:**

Static desktop view which you have to make as given in the test. Also, you have to make our static page responsive on every screen. We need to show them properly, following all **UI rules** that we follow on a large screen. And Error-free code and use basic **semantics** to build UI, **class naming conventions**, and **element rules**.

### 2. **Work Ethic:**

**Proactively** pursuing the learning mission with a high level of energy and **Curiosity**, presence in the classroom, doing our work very carefully and **responsibly**, also maintaining **discipline**, like creating notes, **preparation**, ability to **self-searching**, and learning, **on time submission**.

### 3. **Department:**

How to **behave** in the classroom and with their colleagues, **Dressing Sense**, way of **communication**/ talking in the classroom, and following the **rules** in the classroom.

We give points on the basis of KPIs, now you know very well what these are. It's necessary to score well in all KPIs. Points will be from 0 to 10 in all KPIs.
